

HORIZON LINEAR PENDANT

CUSTOMISING YOUR HORIZON LINEAR PENDANT

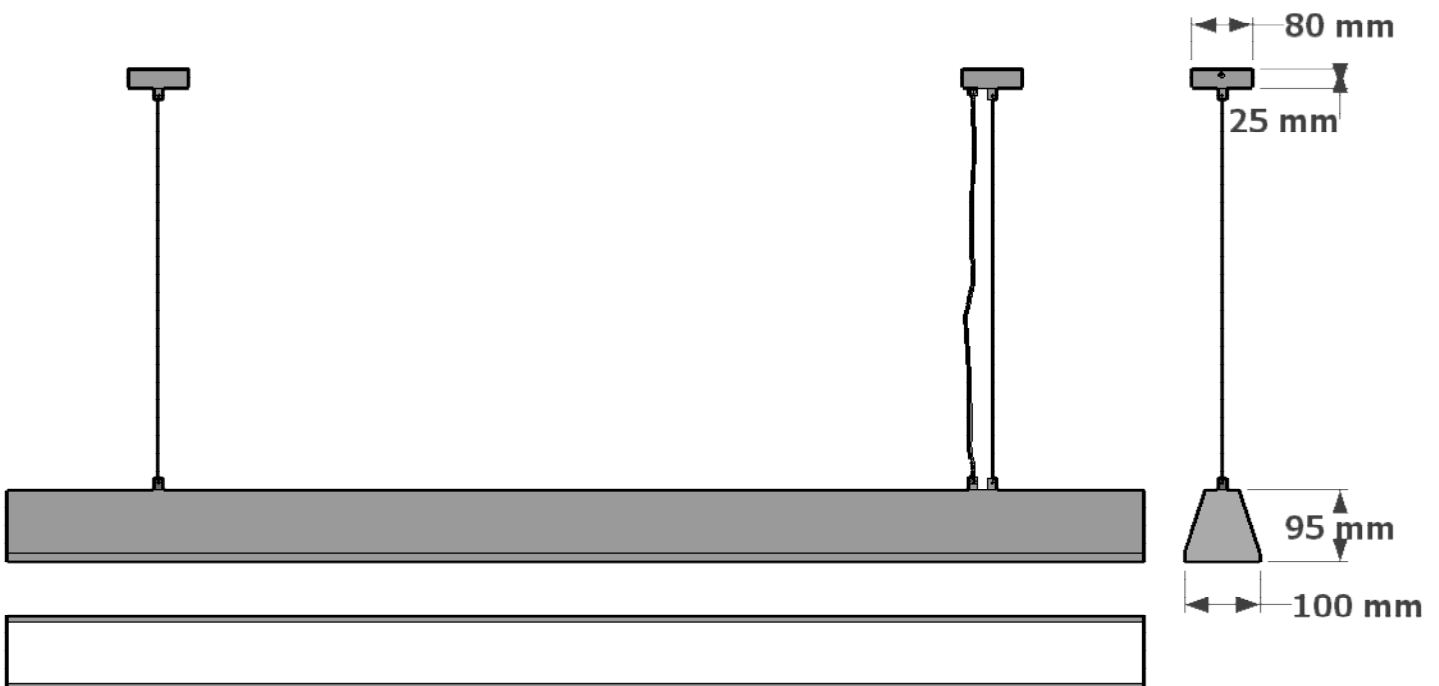

Each Horizon linear pendant is made to your required length with the suspension wires positioned to suit the length or to your specific requirements. Supplied standard with a 1 metre PVC flex that can be positioned central or at one of the ends.

Elettra has a complete selection of cord grips and wire clamps available that can be matched to the pendant and ceiling canopies, or to a single linear canopy if preferred. Each Horizon pendant is fitted with an acrylic diffuser on the front side of the pendant.

Plastic cord grips will be supplied unless an alternate is specified.

Each linear pendant is fitted with a quality LED strip which is both dimmable and of high lumen output. Made from steel, brass or copper the horizon linear pendant can be finished to your instructions.
