

GRANDE CUBIC WALL LIGHT

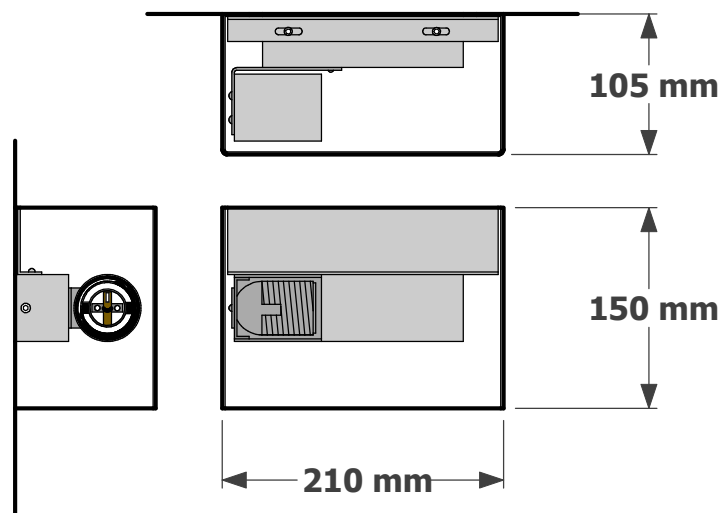

CUSTOMISING YOUR GRANDE CUBIC WALL LIGHT

The Grande Cubic wall light comes standard in a brushed stainless steel finish, although it can be completed in any powder coats and the front reflector can be made to order in brass or copper. It has been manufactured to these dimensions as it fits over the lamp sources neatly, but if required the shield can be made to alternate dimensions.

Search the powder coat options under finishes at www.elettra.com.au
